EXTRACTS FROM REGISTRATION LAW (CONDENSED).

Political Code, Section 3074 to 3083, or Chapter CX,
Statutes of California, 1905.

Political Code, Section 3077. Physicians, midwives, nurses and other persons assisting at a birth shall return a certificate of such birth properly filled out, to the local registrar within five days thereafter. In case there shall be no physician, midwife or nurse attending at such birth, it shall be the duty of the parents or next of kin, of any child born in this State to return this certificate, properly filled out, to the local registrar within ten days after such birth.

In case the child is not named, the local registrar shall deliver to such parents, next of kin, physician, midwife or other person furnishing such certificate of birth a supplemental blank for report of given name, which shall be filled out and returned as soon as the child shall be named.

Sec. 3082. Any officer or person who fails, neglects or refuses to perform any of the duties imposed upon him under the law for the registration of births or by the instructions and directions of the State Registrar, shall be deemed guilty of a misdemeanor.

CONCERNING THE REGISTRATION OF DEATHS.

EXTRACTS FROM REGISTRATION LAW (CONDENSED).

Chapter CXIX, Statutes of California, 1905, superseding Political Code, Section 3084 (repealed).

Sec. 4. The body or remains of no person whose death occurs in the State shall be interred, deposited in a vault, grave or tomb, cremated, disinterred or otherwise disposed of, or removed from or into any registration district until a permit for burial, disinterment or removal shall have been properly issued by the registrar of the registration district in which the death occurs. And no such burial or removal permit shall be issued by any registrar until a complete and satisfactory certificate of death has been filed with him.

Secs. 6 and 7. The medical certificate shall be made and signed by the physician, if any, last in attendance on the deceased (or by the coroner to whom the case may be referred by the local registrar). The physician (or coroner) shall state the cause of death so as to show the course of disease or sequence of causes resulting in death, giving the primary and immediate causes, and contributing causes, if any, and the duration of each. Indefinite and unsatisfactory terms indicating only symptoms of disease or conditions resulting from disease will not be held sufficient for issuing a burial or removal permit, and any certificate containing only such terms, as defined by the State Registrar, shall be returned to the physician (or

coroner) for correction or definition. Causes of death which may be the result of either disease or violence shall be carefully defined; and if from violence, its nature shall be stated, and whether accidental, suicidal or homicidal. For cause of death in hospitals, institutions, or away from home, the physician (or coroner) shall furnish the special information required under this head, and shall state where, in his opinion, the disease was contracted. The cause of death and all other facts required shall in all cases be stated in accordance with the instructions and directions of the State Registrar.

Sec. 8. The undertaker, or person acting as undertaker, shall be responsible for obtaining and filing the certificate of death with the registrar and securing a burial or removal permit prior to any disposition of the body. He shall obtain the personal and statistical particulars required from the person best qualified to supply them over the signature (or name) and address of his informant. He shall then present the certificate to the attending physician, if any, or to the coroner, as directed by the registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record. And he shall then state the facts required relative to the date and place of burial over his signature and with his address, and present the completed certificate to the registrar within the time limit, if any, designated by the local board of health for the issuance of a burial or removal permit. The undertaker shall deliver the burial permit to the sexton or person in charge of the premises before interring the body, or attach it to the box containing the corpse, when shipped by any transportation company, to accompany

same to destination, when it shall be accepted by the sexton as authority for the interment of the body.

Sec. 11. No sexton or person in charge of any premises in which interments are made shall inter or permit the interment of any body unless it is accompanied by a burial, removal or transit permit as required by law for the registration of deaths.

Secs. 17 and 18. Any undertaker, physician, registrar, deputy registrar, sub-registrar, sexton or other person who shall wilfully neglect or refuse to perform any duties imposed upon him by the law for the registration of deaths shall be deemed guilty of a misdemeanor. * * At the instance of the State Registrar, the prosecuting attorney or other proper officer of any county or municipality shall forthwith initiate and promptly follow up the necessary court proceedings against the parties responsible for the alleged violations of law.

Whereas, From time to time during the last twenty years, the dumping of garbage, dirt, offal, house refuse, stinking animal or vegetable matter,

ashes, cinders, sludge, acids or like matter, to fill in lots and property, and particularly in filling in water lots, became so objectionable and deleterious to the public health that various plans have been adopted to mitigate such nuisance; and

Whereas, While steps have heretofore been taken to abate such nuisance by covering the same over with sand, it has become apparent that the lots so filled in have thrown off noxious gases, deleterious to the public health, and in case of the prevalence of any epidemic disease would become a fruitful source of danger to the sanitary well-being of our citizens; and,

Whereas, The Board of Health from time to time has called attention to and condemned the disposition of such garbage and refuse matter in the filling of lots, and have repeatedly urged the cremation of such substances to protect the public health; and,

Whereas, In order to provide satisfactory means by which all such deleterious matter should be disposed of, an exclusive franchise was, by Order No. 2965 of this Board passed February 17, 1896, sold by the city and county authorizing the cremation and destruction of such substances; and,

Whereas, The Sanitary Reduction Works, the assignee and successor in interest of the grantee of such franchise, has notified this Board of the completion of their works and of their readiness to receive, cremate and destroy all of such substances in accordance with the terms and under the conditions of said franchise; now, therefore,

The People of the City and County of San Francisco do ordain as follows:

Section 1. No person, company or corporation shall on or after the 8th day of November, 1897, deposit, dump or cause to be deposited or dumped upon any street, lot or lands within said city and county or in any water or waterways within said city and county, or from any wharf or bulkhead on the water front of said city and county, except as hereinafter provided, any house refuse, butchers' offal, garbage, refuse, dirt, ashes, cinders, sludge, broken glass, crockery, tins, bones, rubbish or other like matter, or any dead animals (not otherwise provided for by contract or franchise heretofore granted by the city and county), or putrid or stinking animal or vegetable matter or fish, flesh and food condemned by the Board of Health as unfit for human food.

All such refuse, butchers' offal, garbage, ashes, cinders, sludge, acids or other like substances or matter hereinbefore enumerated shall be delivered at and to the crematory of the Sanitary Reduction Works on the block bounded by Rhode Island, Alameda, De Haro and Fifteenth streets, in said city and county, and there at the expense of the person, company or corporation so conveying the same, be cremated and destroyed or subjected to such disposition and treatment as will secure and effect a complete combustion of all gases and odors arising therefrom, as provided in the franchise aforesaid.

(Penalty—Duty of Chief of Police.)

Sec. 2. Any person, company or corporation violating the provisions of this Order shall be deemed guilty of a misdemeanor, and, upon conviction, shall be punished by a fine not exceeding two hundred and fifty (\$250) dollars, or by imprison-

ment for a term not exceeding one hundred days, or by both such fine and imprisonment; and it shall be the duty of the Chief of Police to take such steps and issue such orders to the members of the force under his control as shall insure the arrest and punishment of any and all persons violating the provisions of this Order.
